

KS2 Maths Quiz Time (Year 3)

The measurement of time isn't just seconds, minutes and hours but also years and millenniums. We measure time with clocks, watches and calendars. There are two types of clocks - analogue and digital. Being able to read the time in both formats is essential.

Take this test and find out what you know about time.

1. What is equivalent to 52 weeks?

- Millennium
- Century
- Year
- Decade

2. How many days in a year?

- 200 days
